What's New?

KRAs and Goal tracking is now live in Zoho People

Why it matters?

- Drive team alignment with business priorities
- Provides clarity on expectations and success metrics
- Facilitates meaningful performance conversations
- Supports employee engagement and development

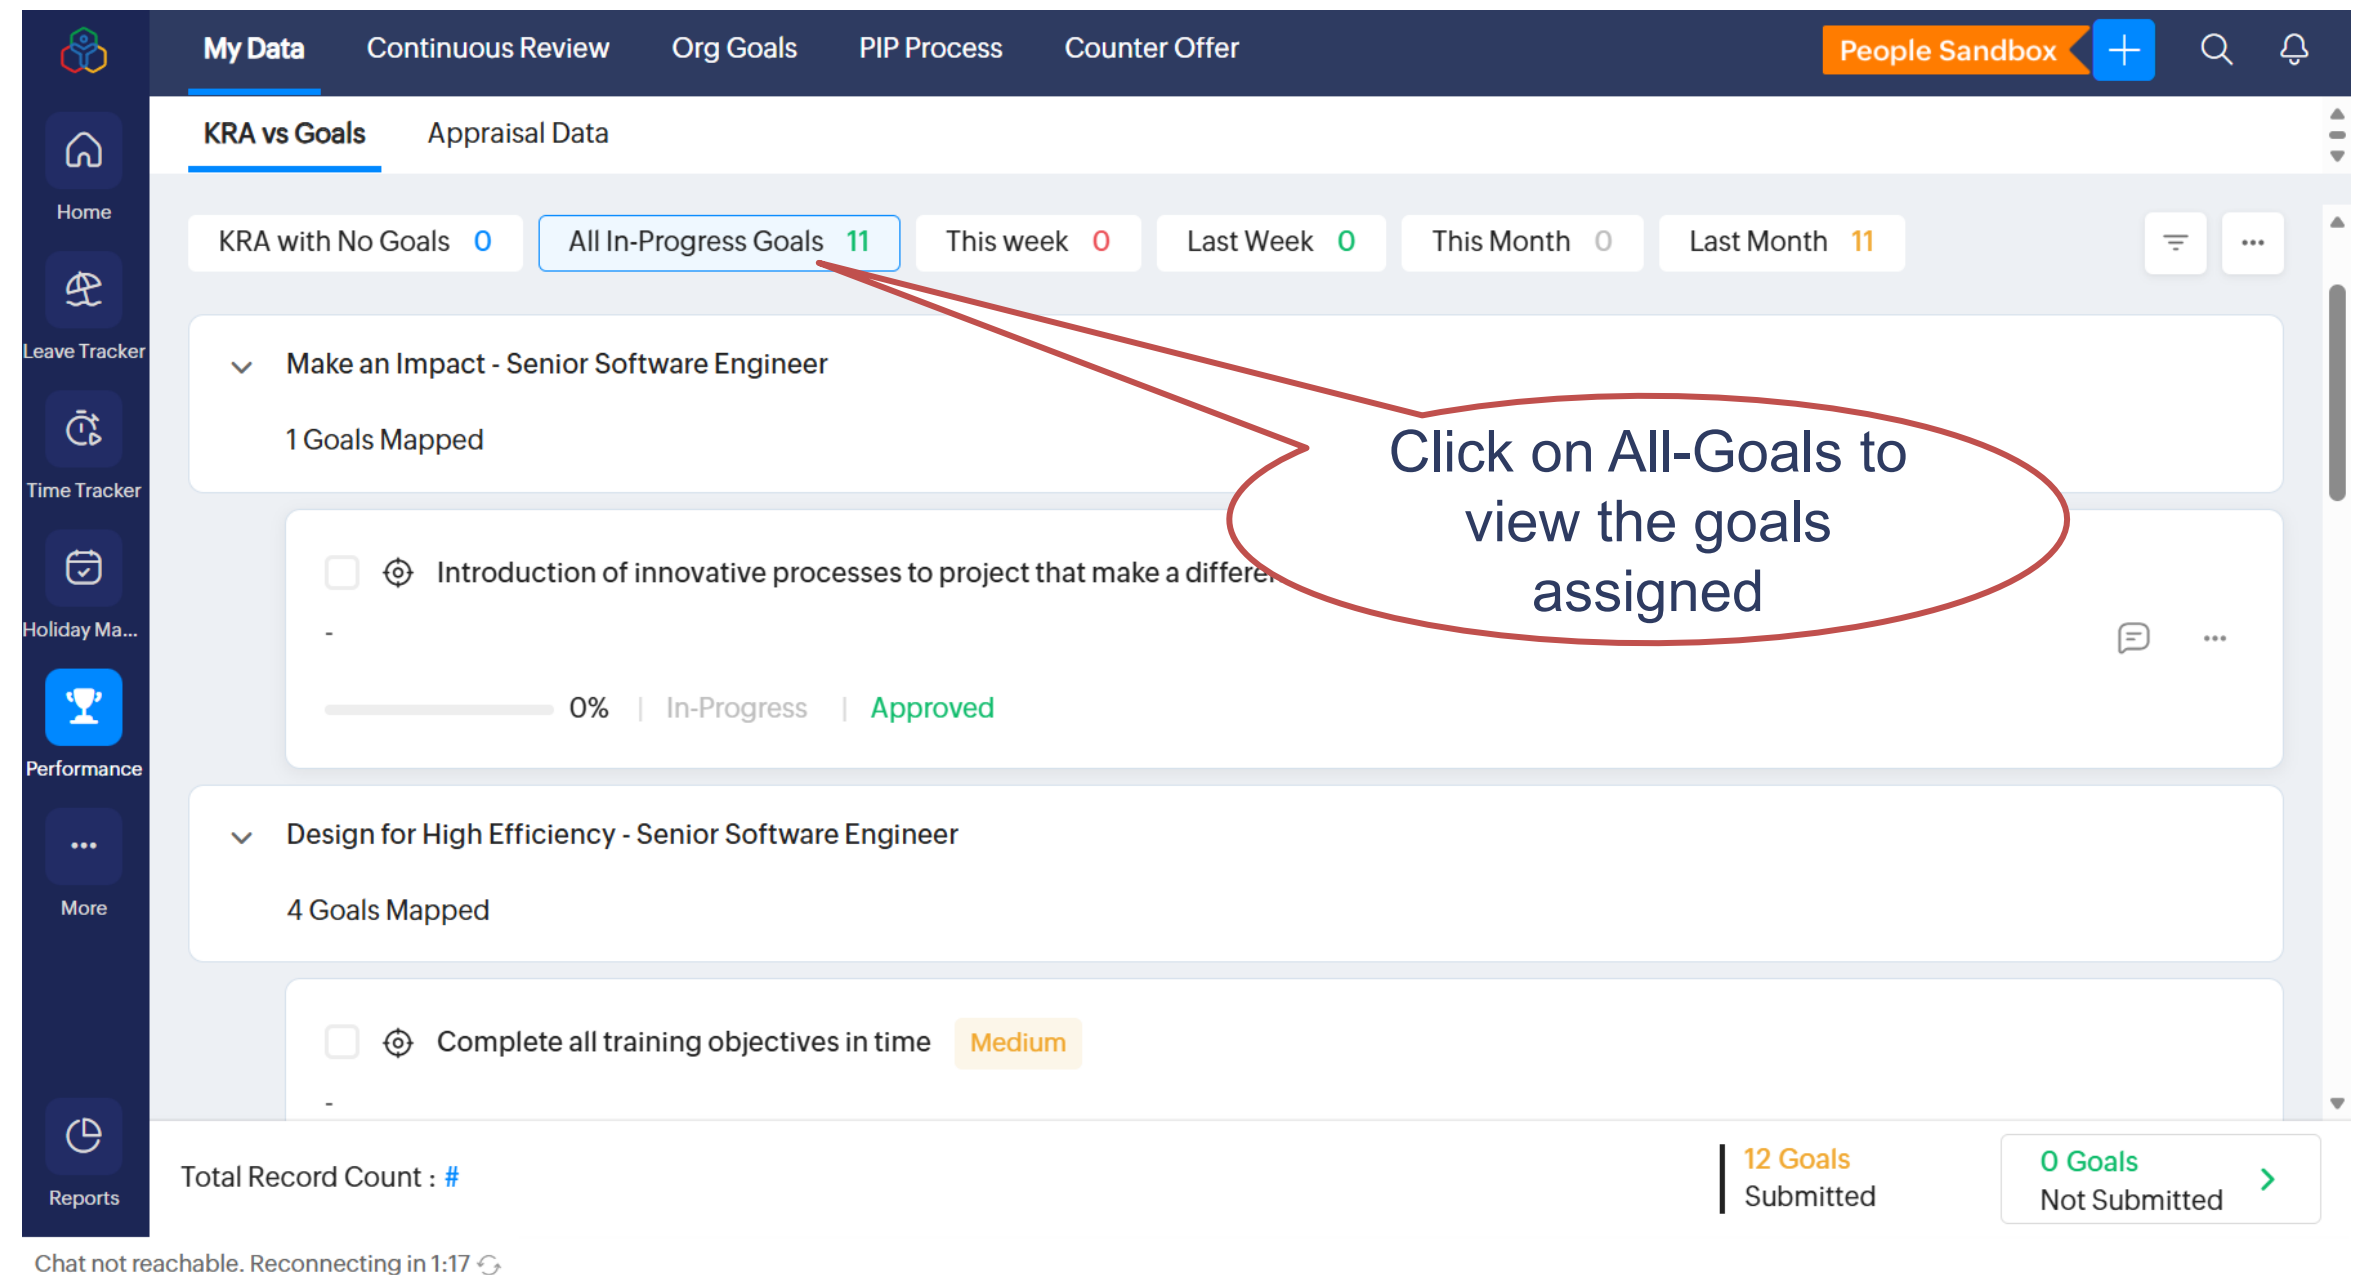

Understanding the process

- **KRAs:** Reflect our core **operating principles**
- **Goals:** Tailored to employee's role and responsibilities
- **Role-based goals** are auto loaded in employee profile based on the role

- Review assigned KRAs and goals in Zoho People
- Discuss any clarifications with your manager
- Track progress and update status regularly
- Use the system for self-assessment and feedback

◆ **What is changing?**

Our Values and Operating Guidelines are always the basis for the Performance management. Now it is formalized in Zoho People system for easy tracking and monitoring.

◆ **Are the Goals same for everyone?** Not really

Goal are based on the roles. For technical employees, it is pre-defined as of now.

For other roles, we encourage the managers to guide employees to update their goals

◆ **Can we add additional goals?** Yes.

Employees can add goals and submit them for manager approval. Managers can approve/reject submitted goals

Managers can also assign goals directly to employees

◆ **Can we delete or edit pre-defined goals?** No.

Pre-defined goals cannot be edited or deleted. However, you can mark a goal as “Not Applicable” during the assessment cycle

◆ **What happens to the goal progress updated by employees?**

Progress updates are recorded in Zoho People

They are considered during the performance assessment

◆ **Can goals be updated mid-cycle?** Yes.

Additional goals can be added if priorities shift

Progress can be updated anytime during the cycle

◆ **Will employees/managers be notified of goal changes?** Yes.

Any changes made by managers will trigger a notification to the employee

- Get familiar with the system workflow.
- Start recording your performance discussions
- Starting **Jan 2026**, FY25-26 Annual Performance will kick in

For upcoming year, goal tracking module will be available for regular check-ins through the year
